

Product Line	FINISHING TABLE	SPEC DFC 03-2013
Model	Donut Finishing Center	

The Donut Finishing Center (DFC) is designed for bakers and donut makers who need to make maximum use of limited space. It contains 3 large and 4 medium size pans. The large (1/3 size) pans are radiant air-heated and designed for warmed donut icings. The smaller (1/4 size) pans are unheated and suitable for sugar, sprinkles or any other ingredient.

The Donut Finishing Center expands to a size of 74" x 27" with two fold-down extensions providing a clean working surface. When not in use, it collapses to 29" x 27" by turning down the foldable panels.

5 shelves below the work surface provide storage for 18" x 26" baking pans.

STANDARD FEATURES

- Thermostat regulated radiant-air dry heat
- 3 third-size heated icing pans (5.6 qt./5.3L each)
- 4 quarter-size unheated topping pans (3.9 qt./3.7L each)
- 2 fold down extensions for bun pans or screens
- 5 storage shelves under work surface for 18" x 26" bun pans
- Stainless steel construction throughout

CERTIFICATIONS

- North America models are ETL certified to UL-197, CSA C22.2 and NSF-4
- Models shipped to European Union conform to CE standards and requirements (unless otherwise stated)
